NUMBER 10

POPULAR COUPLE WED

Moorehead-Palmer Nuptials Solemnized at Baptist Church Wednesday.

One of the prettiest weddings of the current season was that of James R. Moorehead, Jr., of Lexington, and Miss Beryl Palmer, of Fulton, which was solemnized at the First Baptist church at 10 o'clock, Wednesday morning, before a large and fashionable audience of Fulton people. The ceremony was read by the Rev. A. E. Rogers, former pastor of the Baptist church, but now at Lexington, a great uncle of the bride. Rev. Rogers married the bride's parents 25 years ago.

The ring ceremony was used and proved very pretty and impressive. The attendants were Miss Harriet Palmer, a sister of the bride, and Wingate Moorehead, a brother of the bridegroom. The church was prettily decorated with ferns. The ushers were George Aull and C. L. Vivion of Lexington, Carlos McCullough of Fayette and Boulevard H. Jameson of Fulton.

The wedding march was played by Miss Fannie Watson and Mrs. Nick Cave sang a solo. Mr. and Mrs. Moorehead departed on the 11 o'clock train for Kansas City, where they will spend some time. They were given a great send-off at the depot by their friends, a liberal shower of rice figuring in it. They will be at home in Lexington, after March 17, where Mr. Moorehead is keeping house with his grandmother.

The bride is the eldest daughter of Mr. and Mrs. W. P. Palmer of Fulton, and is a pretty and accomplished young woman. She is a graduate of the literary department of William Woods College, where she also took vocal and instrumental music. For two years she was soloist at the Presbyterian church in this city.

Mr. Moorehead is a son of Mr. and Mrs. James R. Moorehead, Sr., of Kansas City. He is well

known in Fulton, where he attended Westminster College. He is now manager of his father's lumber business at Lexington. Both young people took an active part in the social and church affairs of Fulton and have many friends here who wish them a happy and prosperous married life.

The Palmer home on North Court street contains many handsome and valuable wedding gifts received by the young people and these will be sent to them on their return from their honeymoon trip. Tuesday evening a social affair was given at the Palmer home for the bridal party.

Among the out-of-town guests at the wedding were: Mr. and Mrs. James R. Moorehead, Sr., of Kansas City, E. H. Shafer and family of Seattle, Washington, Miss Beth Whittaker of Bunce-ton, Frank Hancock and John Lively of St. Louis, Aylett Buckner of Mexico, MacBrayer Sellers, Edward Vaughan, Jr., and Leroy Faormer, Jr., of Lexington.—The Fulton Daily Sun.

The Hog Oiler a Necessity!

THE STAR HOG OILER HAS STOOD THE TEST

IT LASTS A LIFETIME

Watch your hogs a few minutes. You will see them rubbing against fences, posts and the troughs. Lice cause this. Lice steal your hog profits and cause disease.

You can't afford to feed corn to hogs and have them lousy and scurvy. Neither is it profitable to let your herd go until they are covered with lice and scurvy. It costs more to cure a herd than it does to keep them in condition. It takes blood and vitality from a hog to raise lice, and it takes corn to produce blood.

The Star Hog Oiler, or rubbing post as it is sometimes called, will stop all this loss quickly. No work or worry on your part. Set it up in the lot and fill the oil chamber with dip, crude oil or kerosene, and your hogs will do the rest. Enough oil free with the oiler to run it two weeks.

The Star Hog Oiler will meet every requirement. It is strong, durable and practical. It has adjustable valves set inside the oil chamber and can be easily and quickly adjusted to suit any oil or climate.

The Star cannot clog, and it is impossible for dirt, mud or any foreign matter to reach the oil. It can be used out of doors in any weather. Little pigs can use the Star Oiler just as readily as the 300 lb. hog because the pressure is the same on all parts of the bar.

Get your machine today and set it in your hog lot at once. It will stop your losses from hog lice and keep your hogs free from them. We guarantee the Star Hog Oiler to work in any climate and to work successfully. If not, return the same to us within two weeks and your money will be cheerfully refunded.

Price of Machine complete with 1/2 gal. Medicated Oil..... **\$10.00**
